Applicants submit herewith a German Search Report, an English version thereof, a PTO-1449 form, and copies of the references listed thereon. The German Search Report issued in connection with a corresponding German patent application.

With regard to the non-English references, English translations thereof are not currently available. However, the English version of the German Search Report should serve as a concise summary of their relevance.

It is noted that DE 39 095 531, listed in German Search Report, is already of record herein.

Applicants request that these references be considered herein.

Respectfully submitted,
